

Thank you for your request to transfer your telephone number(s) to Net1.

Before completing this document, please ensure you are satisfied with the quality of your Net1 Talk account.

It is important that you complete this form to give us authorisation to proceed.

The telephone number(s) being ported must be active and not in financial arrears with your current provider.

Filling out the porting Form

- Please complete the porting form fully and legibly, in block capitals.
- Please ensure that ADSL broadband is not activated on any numbers being submitted for porting. This will cause the porting to fail.
- If your phone line is currently an ISDN line, please ensure that you provide both numbers on the porting form (both numbers will be ported).
- It is essential that you enclose a copy of the first two pages of your most recent phone bill when returning the completed form to Net1.

What happens next?

Having returned the porting form to Net1, we will arrange with your current provider a date to port the number(s).

You will be contacted by email with the porting dates.

IMPORTANT: Do NOT close your account with your current landline provider until after we have ported your number! - You must have an active & operational Net1 Talk service for us to proceed with porting.
